Litigation & Dispute Resolution

Experience

Suvashis Bhattacharya counsels start up and Fortune 100 companies in strategy and patent portfolio management. He has experience in the mechanical, electro-mechanical, computer and electrical arts fields. Some representative fields include haptic systems, MEMS devices and fabrication processes, semiconductor devices and fabrication processes, medical devices, radio-frequency identification (RFID) systems, mobile technology, digital signal processing, computer architecture and software, fluid-cooling systems, filtration systems, optics, e-commerce and Internet applications and consumer electronics, as well as other matters.

Suvashis also focuses on the licensing and litigation of patents as well as patent due diligence matters. He also counsels clients on copyrights, trade dress, trademarks and trade secrets.

Publications

- "U.S. Patent and Trademark Office Publishes New Rules on Continuation and Claiming Practice," The Daily Journal, October 2007.
- "The Patent Prosecution Highway, The Expressway to Issuance of the Patent Application," IP Frontline, August 2007.
- "Sony Debacle Puts Spotlight on End User Licensing Agreements," IP Law Bulletin, November 2005.

Speeches

- Considerations in Establishing and Maintaining a Patent Portfolio, Young Inventors International Presentation, 2007.

Languages

Bengali
